2020 Farmer's Market Cancelled

(Greencastle, PA) The Borough of Greencastle has cancelled the 2020 Farmer's Market due to the COVID-19 pandemic. Having previously cancelled the May market, it was determined that public safety would best be served by cancelling the entire season.

"Given the ongoing restrictions for public safety due to COVID-19, we felt cancelling the Farmer's Market was in the best interest of the community," said Borough Manager Lorraine Hohl. "Our market was created to be a community gathering event providing a variety of goods and we're just not able to do that at this time.

I am very grateful to all the vendors who signed up to be a part of the market this year and to our residents who expressed their support. We will bring the market back next year with all the farm fresh, locally grown and prepared items Greencastle has come to expect."
